A range of 4 padlockable circuit breaker lockouts designed to fit most modern single and multiple pole miniature circuit breakers.

MCB-PO Pin Out Standard Push button operated, locates into the 2 holes either side of the breaker switch. Fits most popular breakers up to 60 Amp - Will also fit breakers connected with a cross bar.

MCB-PI Pin In Standard Push button operated, locates into the 2 holes either side of the breaker switch. Fits most popular breakers up to 60 Amp - Will also fit breakers connected with a cross bar.

MCB-POW Pin Out Wide Push button operated, locates into the 2 holes either side of the breaker switch. Extra wide for larger breakers over 60 Amp - Will also fit breakers connected with a cross bar.

MCB-TBLO Tie Bar Lock-out with adjustable thumb wheel operation, fits larger or multi-pole circuit breakers connected with a cross bar - no holes in the breakers are required.
